# 8º Leilão Virtual Touros Simental Casa Branca Genética Sul-Africana

21 de Agosto - Terça-Feira, 21h - Canal Rural

## Touros produtivos, férteis, precoces, e bem adaptados às condições tropicais do Brasil.

Estas são as qualidades comprovadas dos reprodutores Simental sul-africanos da Casa Branca, perfeitamente indicados para uso na vacada a campo. Utilizar esses reprodutores para cobrir fêmeas zebuínas é a certeza de obtenção de altos índices de fertilidade, bezerros pesados ao desmame, com rápido crescimento, conformação e grandes volumes de cortes nobres no traseiro.

É a segurança de investir certo e produzir mais e melhor com custos perfeitamente compatíveis à realidade do mercado.

A diferença o pecuarista sente no bolso, seja na comercialização de maior quantidade de bezerros seja na venda de novilhos precoces mais pesados para o frigorífico.

Além disso, essa genética fantástica que a Casa Branca disponibiliza pode gerar reprodutores rústicos, indicados para intensificar a qualidade do sangue Simental sul-africano no rebanho nacional.

**Os touros ofertados pela Casa Branca Agropastoril neste Leilão Virtual passaram por exame andrológico completo.**

**TODOS ANIMAIS APRESENTADOS SEM TOSQUIA**
